Park View Citizens in Favor of Congress Representation.

That the District of Columbia should be represented in Congress was the purport of a resolution adopted last night by the Park View Citizens' Association, at its final meeting prior to the summer recess, in Whitney Avenue Christian Church.

The resolution was offered by Roy V. Clafin, chairman of the committee on laws and legislation. The association decided last night to present the matter at the next meeting of the Federation of Citizens' Associations and urge co-operation of the other citizens' bodies in the movement.

The Strange Adventure of the Sealed Bag

RELATIVES FAIL TO FIND MISSING ARTHUR MORAN

Husband of Murdered Woman May Have Gone to St. Louis to Claim His Son Raymond.

After making every effort to locate him, in order that he might be apprised of the murder of his wife, which occurred in St. Louis, Mo., Thursday, relatives of Arthur Moran, formerly of this city, believe that he has received word of the tragedy, and that he is now on his way to the Mound city to secure possession of his thirteen-year-old son, Raymond, who witnessed the killing of his mother, and who barely escaped one of the bullets himself.

Moran left Washington last May, after his wife and Albert Shule, who murdered her during a jealous rage, had come to St. Louis, taking Raymond with them. Moran said he was going to some eastern city to make higher wages, in order that he might content an action for divorce which he felt sure his wife would bring, so that he could obtain possession of his boy.

Since then nothing has been heard from him. It is believed that he was in Boston, and members of his family sent messages there. They expressed the belief today that he had returned to the city, and that he had been in contact with some of these communications, and without waiting to answer it, boarded a train immediately for St. Louis.

Attorney George H. Macdonald, Moran's counsel, said this morning that unless some word is received from him in the next twenty-four hours members of his family in Washington will make arrangements to have Raymond brought here. The boy will make his home, in that event, with Mr. Moran's mother, who lives on the southeast corner of 14th and G streets.

It was stated today that it is not likely that the body of either Mrs. Moran or Shule will be recovered from him in the next twenty-four hours members of his family in Washington will make arrangements to have Raymond brought here. The boy will make his home, in that event, with Mr. Moran's mother, who lives on the southeast corner of 14th and G streets.

ORDER IN OWSLEY CASE.

Injunction Issues Forbidding Interference With Removal of Body.

Frederick D. Owsley of Chicago, having withdrawn his opposition to the removal of the body of the murdered woman, Mrs. Owsley was twice married, and has children by her first marriage living in Detroit. After her second marriage Mrs. Owsley moved to Virginia, where she died. Her husband brought her body to Washington and placed it in the receiving vault of the Congressional cemetery. Justice Gould has signed an injunction preventing any interference with the removal of the body.

DAMAGE ABOUT \$5,000.

Grocer at 7th and B Streets North-east Heavy Loser by Fire.

Fire this morning about 2:30 o'clock badly damaged buildings occupied by L. P. Palmer, grocer, at 7th and B streets northeast, and J. R. Hopkins, basket manufacturer, at 947 B street. The loss is estimated at about \$5,000, covered by insurance.

Firemen and policemen who were early on the scene said they thought the blaze started in the building in the rear of 649 B street, occupied by Mr. Palmer, and that it was caused by spontaneous combustion.

For a few minutes the fire was unusually bright and the great quantities of light material in the buildings making it an easy matter for the flames to make rapid headway. When the blaze was seen coming from the upper windows of the building the captain of No. 8 engine company sent in a call for assistance. After some time the fire was extinguished.

Fire of unknown origin in a storehouse of the house of Mrs. Jennie Stubbs, 233 New Jersey avenue northwest, yesterday afternoon caused about \$100 damage. The blaze was extinguished by members of No. 3 engine company.

A slight blaze in the rear of the residence of D. J. Callahan, 1308 Euclid street northwest, yesterday afternoon caused damage amounting to about \$10. The origin of the fire could not be determined.
